

"Lines we've only been able to poke holes in are draining like no one has seen in over 20 years."

–WATERBLAST CONTRACTOR, LOUISIANA

NEW MODEL FOR 2016

BEETLE™ BT12, BT18, BT25

FOR CLEANING SMALL, CURVED TUBES, PIPES AND DRAINS

The small diameter and short length of the Beetle models make them ideal for cleaning process piping, drain lines, u-tube bundles and other small ID tubes with bends and elbows that may have been inaccessible in the past.
